## LIGHTING CONTEST

Some time ago the Electric companies of United States and Canada combined in a campaign for better home lighting. The Eyesight Conservation League also became interested, and, together, these organizations sponsored an essay writing contest in order that our future men and women might know something of the secrets of proper lighting and eyesight economy. Each contestant was expected to study the Electric Company, to inspect and report on the lighting in three different homes, to illustrate, in a book furnished him, his own ideas of proper lighting, and, lastly, to write an essay of 600 words.

Fourteen essays were sent in from Vermontville High School to compete with the six other schools in the Hastings district. Out of thirty prizes offered, Vermontville has captured six. The first prize for girls, a Gruen wrist watch, goes to Dorothy Loveland, while Parker fountain pens are awarded to Myrtle Hager, Hilda Boyd, Helen Briggs, Worth Tyler, and Donald Miles. These young people are certainly to be congratulated on the quality of their work. These prize winning essays will now be forwarded to New York City where they will be judged in the International contest, de-
